SAFETY DATA SHEET	Honeywell
Methanol	
LP230-4	
Version 4.1	Revision Date 08/10/2018 Print Date 05/15/2023
Classification of the substance Classification of the substance :	Flammable liquids, Category 2
or mixture GHS Label elements, including	Specific target organ toxicity - single exposure, Category 1, Eyes, Nervous system, Systemic toxicity
Symbol(s) :	
Symuol(s) .	
Signal word :	Danger
Hazard statements :	Highly flammable liquid and vapour. Causes damage to organs.
Precautionary statements :	 Prevention: Keep away from heat/sparks/open flames/hot surfaces. No smoking. Keep container tightly closed. Ground/bond container and receiving equipment. Use explosion-proof electrical/ventilating/lighting/ equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Do not breathe dust/ fume/ gas/ mist/ vapours/ spray. Wash skin thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/ protective clothing/ eye protection/ face protection.
	IF ON SKIN (or hair): Remove/ Take off immediately all contaminated clothing. Rinse skin with water/ shower. IF exposed: Call a POISON CENTER or doctor/ physician. In case of fire: Use dry sand, dry chemical or alcohol-resistant foam for extinction.
	Page 2 / 16

SAFETY DATA SHEET	Honeywell
Methanol	
LP230-4	
Version 4.1	Revision Date 08/10/2018 Print Date 05/15/2023
	Ensure all equipment is electrically grounded before beginning transfer operations. Use explosion-proof equipment. Keep product and empty container away from heat and sources of ignition. No sparking tools should be used. No smoking.
Storage	
Conditions for safe storage, : including any incompatibilities	 Store in area designed for storage of flammable liquids. Protect from physical damage. Keep containers tightly closed in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Keep away from heat and sources of ignition. Keep away from direct sunlight. Store away from incompatible substances. Container hazardous when empty. Do not pressurize, cut, weld, braze, solder, drill, grind or expose containers to heat or sources of ignition.
SECTION 8. EXPOSURE CONTRO	DLS/PERSONAL PROTECTION
Protective measures :	Ensure that eyewash stations and safety showers are close to the workstation location.
Engineering measures :	Use with local exhaust ventilation. Prevent vapour buildup by providing adequate ventilation during and after use.
Eye protection :	Do not wear contact lenses. Wear as appropriate: Safety glasses with side-shields If splashes are likely to occur, wear: Goggles or face shield, giving complete protection to eyes
	Page 6 / 16

Version 4.1	Revision Date 08/10/2018	Print Date 05/15/2023
Hand protection	: Solvent-resistant gloves Gloves must be inspected prior to use. Replace when worn.	
Skin and body protection	: Wear as appropriate: Solvent-resistant apron Flame retardant antistatic protective clo If splashes are likely to occur, wear: Protective suit	othing.
Respiratory protection	 In case of insufficient ventilation, wear sequipment. For rescue and maintenance work in st self-contained breathing apparatus. Use NIOSH approved respiratory prote 	orage tanks use
Hygiene measures	 When using do not eat, drink or smoke. Wash hands before breaks and immed product. Keep working clothes separately. Do not breathe vapours or spray mist. Avoid contact with skin, eyes and clothi This material has an established AIHA The current list of ERPG exposure limit http://www.aiha.org/insideaiha/Guidelin ocuments/2011erpgweelhandbook_tab 	iately after handling the ing.
